SUBJECT INDEX

accidents, proximity to hospital and mortality from, 1021–1026

Africa, geographical perspectives on health in, 689–700

ageing, and adjustment among retirees, 493–499
531–535
and homes for the elderly, 629–633
care and distributive justice, 1205–1369
in the USA, 1229–1236
and social policy, 1251–1260
and self care, 1363–1369

AIDS, the cultural impact of tests for, 455–459

alcoholism, political economy of, 113–130

amyotrophic lateral sclerosis, patient care in, 641–650

arthritis, pain and climate, 549–554
and pain, 567–575
and social support, 899–904

Bangladesh, diarrhoea in, 357–366
medical pluralism and infant mortality in, 1003–1010

blood pressure, in New Zealand, 439–444

bovine leukosis, 1017–1020

Brazil, psychiatric research in, 277–281

breast cancer, treatment and survival in, 305–312

cancer, mortality patterns in China, 241–247
survival from breast, 305–312
anxiety about surgery, 1139–1145

child health, and migrant farm children, 65–74
in Sierra Leone, 297–303
and feeding practices, 501–509
and infant feeding practices, 539–548
and feeding practices in Mali, 651–664
medical pluralism and infant mortality
in Bangladesh, 1003–1010
995–1002
and refugees in Hong Kong, 1147–1150

China, patterns of cancer mortality in, 241–247
demography of ageing in, 1353–1362

Ciguatera, 983–993

climate, and arthritis, 549–554

community medicine, and training in Indonesia, 673–682

computers, in medicine, 259–267

coping, childhood relationships and depression, 709–716

culture, and folk pursuit of health in central Italy, 1–7
and disease, 477–483

dentistry, in health centres, 861–868
and dental prices, 1131–1138

depression, diabetes and employment, 471–475
and childhood relationships, 709–716

diabetes, depression and employment, 471–475

diarrhoea, financial aspects of immunization programmes against, 231–240
in Bangladesh, 357–366
childhood cases in Grenada, 995–1002

disease, and culture, 477–483

disease vectors, 249–257

distributive justice, and geriatric care, 1205–1369

doctor/patient relationship, interview training, 31–34
423–427
and psychosocial disorders, 595–604
and divided loyalties, 817–837

dracunculiasis, in Nigeria, 555–558
patterns of prevalence, 975–982

Egypt, contraception in, 83–92

Eire, physician-induced demand for care in, 851–860
mortality in, 919–928

epidemiology, mosquitoes in the Americas, 249–257
and livestock shipments, 1017–1020

family, therapy workshops in the USA, 179–189
demography and divorce, 211–222

family planning, in Egypt, 83–92
in Nigeria, 333–336

Finland, social factors and mortality rates in, 605–609

France, social insurance in, 1305–1317
old-age and social policy in, 1319–1326

gender, and mortality, 605–609

general practice, and home care, 519–525
and variations in diagnosis, 595–604
and physician attitudes in Sweden, 763–771

handicap, stress and readjustment, 43–55
and marital status, 313–322

health beliefs, in central Italy, 1–7
and contraception in Egypt, 83–92
about child diarrhoea in Bangladesh, 357–366
among Indian psychiatric patients, 379–386
and infant feeding, 501–509
and infant feeding in Mali, 651–664
among Punjabi Asians, 687–688
in Senegal, 1121–1129
and breast feeding, 1151–1156

health care, integrated health services in, 35–41
in Hong Kong, 191–199
and computers, 259–267
physician-induced demand in Eire, 851–860
in Zambia, 875–888
in the USA, 1059–1065
and medical dominance, 1087–1092
and social support for the elderly in Switzerland, 1327–1332
for the aged in Korea, 1347–1352

health care systems, and chronic disease, 641–650

health centres, and dentistry, 861–868

health development, in Africa, 689–700

health finances, and immunization against diarrhoea, 231–240
665–671, 1237–1250
and utilization, 721–735
and cost effectiveness in alternative treatment
for tuberculosis, 847–850
and medical dominance, 1087–1092

health insurance, in France, 1305–1317

health professionals, and Nigerian attitudes to public
health service, 701–708
attitudes of general practitioners in Sweden, 763–771
residence–workplace separation, 1051–1057

health research, and privacy protection, 293–295

health services, and utilization in Indonesia, 611–620
equity in the distribution of, 1067–1078
for the elderly in Iceland, 1333–1345

heart disease, and family support, 577–585
and occupational hazard, 1181–1185

Hong Kong, community health in, 191–199
refugee children in, 1147–1150

hospitals, occupational health units in, 469–470
and systems of payment, 665–671
and death from motor accidents, 1021–1026
the geographical restructuring of urban, 1079–1086
access to nursing home care, 1267–1277
distributive justice and acute illness in
nursing homes, 1279–1286
and social policy, 1287–1295
and care in nursing homes, 1297–1303

Iceland, services for the elderly in, 1333–1345

immunization, 1027–1032

India, psychiatric research in, 227–281
traditional concepts of mental disorder in, 379–386

Indonesia, utilization of services in, 611–620
medical education in, 673–682

Israel, employment and ill-health among women in, 1171–1179

Italy, culture and health in, 1–7
community psychiatry in, 159–178

Japan, school refusal syndrome in, 99–112
social factors and mortality in, 1163–1169

Kenya, women's health in, 17–29

Korea, health care for the aged in, 1347–1352

library services, in Nigeria, 757–761

long-term care, finances of, 665–671

loss, and psychological distress in war, 269–275

Malawi, herbalism and divination in, 367–377

Mali, infant feeding in, 651–664

maternal health, and breast feeding, 445–453
psychological symptoms among post-partum mothers, 869–874
and preventive behaviour in Mexico, 905–910
and attitudes towards breast feeding, 1151–1156

medical care finance, and smoking, 93–94

medical education, and specialty choice, 527–530
and career choice, 587–594, 635

medical ethics, the problem of confidentiality, 387–391
and the search for moral certainty, 461–468, 781–832

medical students, and interviewing skills, 31–34
and choice of specialty, 527–530
attitude toward specialties, 587–594
and stress, 1157–1161

menopause, and drug use, 747–755

mental health, during war, 269–275
and changing structure of care in the Netherlands, 283–291
and traditional concepts in India, 379–386
childhood relationships and depression, 709–716
comparative studies of services in, 773–780
divided loyalties in adolescent psychiatry, 797–802
and ecological structure, 945–961
19th century services in North America, 1033–1050

Mexico, preventive medicine in rural, 139–148

migration, mortality of migrant farm children, 65–74
Vietnamese refugee children in Hong Kong, 1147–1150

military physicians, ethical issues among, 803–815

mortality, patterns of cancer in China, 241–247
and gender, 605–609
patterns of in Eire, 919–928
ecological studies of, 929–934
and heart disease in UK, 935–943
childhood in Bangladesh, 1003–1010
and road accidents, 1021–1026
and social factors in Japan, 1163–1169

Netherlands, health services in, 35–41
mental health care in, 283–291

New Zealand, blood pressure in, 439–444

Nicaragua, primary health care in, 149–157

Nigeria, child spacing in, 333–336
dracunculiasis in, 555–558
family planning patterns in, 683–686
and attitude towards a National Health Service, 701–708
medical libraries in, 757–761

nutrition, services in Thailand, 485–491
fish poisoning in the Caribbean and Pacific, 983–993

occupational health, 57–64
community action and corporate responsibility, 131–138, 469–470
professional ambivalence in, 789–796
and heart attacks, 1181–1185

pain, and arthritis, 567–575

Peru, ritual healing in, 841–845

pharmaceuticals, patterns of drug use among adolescents, 717–719
menopause and psychotropics, 747–755

pharmacists, 1187–1200

Philippines, health care in, 1105–1117

pregnancy, the alternative birth centre, 9–16
home births in New Jersey, 1011–1015

prevention, in rural Mexico, 139–148
breast self examination in Mexico, 905–910

primary care, physicians as case managers, 75–82
in Nicaragua, 149–157
centres as social systems, 347–355
and physicians' residence, 1051–1057
and territorial justice, 1093–1103
in the Philippines, 1105–1117

primary health care, 559–566
737–744

private medicine, confidentiality and public medicine, 387–391

psychiatry, and social control in Italy, 159–178
research in India and Brazil, 277–281
divided loyalties in, 797–802

referral rates, and health centres, 35–41

rehabilitation, disability and stress, 43–55

retirement, and health, 493–499

self-care, and ageing, 1363–1369

Senegal, health beliefs in, 1121–1129

Sierra Leone, child mortality in, 297–303

smoking, and medical care finance, 93–94
social aspects of, 621–627

social factors, and duodenal ulcers, 417–422
and mortality rates, 605–609
and smoking, 621–627
and mortality in Japan, 1162–1169

social policy, and nursing homes, 1287–1295

social position, and health in Britain, 393–415

social support, the measurement of, 337–344

socioeconomic class, and divorce studies, 211–222
and health in Britain, 393–415
and health, 511–517

South Africa, social factors and duodenal ulcers in, 417–422

spatial analysis, 963–973

spiritual healing, in the US, 889–897

stress, disability and readjustment, 43–55
among medical students, 1157–1161
occupation and heart attacks, 1181–1185

surgery, adjustment to, 577–585
fear of cancer in, 1139–1145

Sweden, class and health in, 511–517
professional attitudes to medical care in, 763–771

Switzerland, medical care and social support in, 1327–1332

terminal care, 519–525

Thailand, malnutrition in, 485–491

traditional medicine, in Malawi, 367–377
and ritual healing in Peru, 841–845

tuberculosis, cost effectiveness of alternative treatments, 847–850

U.K., pharmacy in, 323–332
socioeconomic class and health in, 393–415
class and health in, 511–517
variations in mortality in, 935–943
mental health and ecological structure in, 945–961
primary care in London, 1093–1103

urban/rural differences, and health beliefs in Senegal, 1121–1129

urbanization, and duodenal ulcers in Soweto, 417–422

U.S.A., childhood mortality in Wisconsin, 65–74
family therapy in, 179–189
and tests for AIDS, 455–459
'new age' healing in, 889–897
out-of-hospital births in New Jersey, 1011–1015
19th century asylums in, 1033–1050
perspectives on health care in, 1059–1065
dental prices and insurance in, 1131–1138
and ageing in the 21st century, 1217–1227
ageing and dependency in, 1229–1236

utilization, patterns in Indonesia, 611–620, 721–735
of mental health services, 773–780

women, health in Kenya, 17–29
co-optation in a feminist health clinic, 201–210
mid-life and use of drugs, 747–755
anxiety about gynaecological surgery, 1139–1145
and employment in Israel, 1171–1179

Zambia, health care in, 875–888
